**CERTIFIED MAIL
RETURN RECEIPT REQUESTED**

Hon. Danny Evans, Mayor
Town of Camp Hill
Post Office Box 100
Camp Hill, Alabama 36850

Re: **Notice of Intent to File Suit under the Clean Water Act for Violations of NPDES
Permit No. AL0024210**

Dear Mayor Evans:

Pursuant to the Clean Water Act § 505, 33 U.S.C. § 1365, and 40 C.F.R. Part 135, Subpart A, you are hereby notified that after the expiration of sixty (60) days following service of this notice, Lake Watch of Lake Martin, Alabama Water Watch Association, and Conservation Alabama Foundation, Inc. may file suit against the Town of Camp Hill for discharges of pollutants from the Camp Hill Lagoon on Tallapoosa County Road 89 South in Camp Hill, Alabama, into Sandy Creek in violation of a permit or permit condition under Clean Water Act § 402, 33 U.S.C. § 1342.

Violations of NPDES Permit No. AL0024210

Clean Water Act § 505, 33 U.S.C. § 1365, authorizes any citizen to commence a civil action against any person alleged to be in violation of a permit or permit condition under Clean Water Act § 402, 33 U.S.C. § 1342. NPDES Permit No. AL0024210 was issued to the Town of Camp Hill on September 18, 2007 and reissued on October 1, 2012. These permits included permit conditions requiring compliance with discharge limitations and monitoring and reporting requirements.

From October 1, 2007 through September 30, 2012, the Town of Camp Hill violated the discharge limitations in NPDES Permit No. AL0024210 (2007) as follows:

Pollutant Parameter	Discharge Limit	Discharge Violation	Violation Date(s)	Days in Violation
Fecal Coliform	≤ 200 col/100 ml Monthly Average (Jun-Sep)	241 col/100 ml	Jul 2012	31

TOTAL VIOLATIONS				702

History of Previous Violations and Enforcement Actions

On August 29, 1986, the Alabama Department of Environmental Management issued Order 86-101-WP. The Order noted that the permittee discharged pollutants into Sandy Creek in violation of Permit No. AL0024210 from January 1985 through June 1986. The Order also found that “[t]he Permittee cannot comply with the limitations on the discharge of pollutants . . . without constriction of new or additional treatment works or modification of existing treatment works.” The Order required that the permittee comply with all discharge limitation in Permit No. AL0024210 no later than July 1, 1988.

On February 24, 1988, the Alabama Department of Environmental Management issued Order 88-028-WP. The Order noted that the permittee “violated Order 86-101-WP by failing to submit plans and specifications, a financial plan, and failing to start construction of new or additional treatment works or modification of existing treatment works necessary for the Permittee to achieve compliance with the discharge limitations of NPDES Permit No. AL0024210.” The Order prohibited the introduction of any pollutants into the treatment works from any new source.

On March 10, 1992, the Alabama Department of Environmental Management issued Order 92-063-WP to the Utilities Board of the Town of Camp Hill. The Order noted that the permittee discharged pollutants into Sandy Creek in violation of Permit No. AL0024210 from May 1991 through September 1991 and November 1991. The Order required the permittee to prepare an engineering report and compliance plan identifying the causes of non-compliance and to propose corrective measures. The Order prohibited the introduction of any pollutants into the treatment works from any new source until contracts were executed for the construction of new or for additional treatment works or modification of existing treatment works or upon demonstration of compliance with permit limitations.

On July 9, 1993, the Alabama Department of Environmental Management issued Order 93-080-WP. The Order noted that “[t]he Camp Hill wastewater treatment lagoon does not have a wastewater treatment operator certified in accordance with” State law and Department rules. The Order required that the permittee employ a certified operator not later than June 1, 1994 and continuously thereafter.

On December 20, 1994, the Alabama Department of Environmental Management issued Order 95-026-WP. The Order noted that the permittee failed to submit a timely application for reissuance of Permit No. AL0024210 and that the permit had expired. The Order required that the permittee comply with specified discharge limitations until a new permit could be issued.

On April 25, 2000, the Alabama Department of Environmental Management issued Consent Order 00-109-CWP. The Order noted that the permittee failed to submit a timely application for reissuance of Permit No. AL0024210 and that the permit had expired. The Order required that the permittee comply with the expired permit and assessed a penalty of \$2,000.

On March 10, 2009 and April 6, 2011, the Alabama Department of Environmental Management issued a Notice of Violation to the Town of Camp Hill. Both notices cite the permittee for discharge violations.

The Department has taken no further action.

Abatement and Suit Avoidance

Suit may be avoided if these violations have been permanently abated before the expiration of sixty (60) days following service of this notice. Please advise the undersigned of any measures that you may undertake which you contend have permanently abated these violations before suit is filed.

Sincerely,

David A. Ludder

COMPLAINT

The Parties

1. The Attorney General is authorized by Ala. Code § 22-22A-5(1), § 22-22-9(m), § 22-22A-5(12), and § 22-22A-5(18) (2006 Rplc. Vol.) to enforce the provisions of the Alabama Water Pollution Control Act (hereinafter “AWPCA”), which is found at Ala. Code §§ 22-22-1 through 22-22-14 (2006 Rplc. Vol.). Specifically, Ala. Code § 22-22A-5(18)(b) (2006 Rplc. Vol.) authorizes the Attorney General to bring a civil action for violation of permits issued under the AWPCA and for unpermitted discharges of pollutants in violation of said Act. In addition, Ala. Code § 22-22A-5(18)(c) (2006 Rplc. Vol.) authorizes the Attorney General to recover civil penalties for such permit violations and unpermitted discharges of pollutants, providing for a maximum of \$25,000.00 per violation. The Attorney General is authorized by Ala. Code § 36-15-12 (2006 Rplc. Vol.) to institute and prosecute, in the name of the State, all civil actions and other proceedings necessary to protect the rights and interests of the State.

2. The Alabama Department of Environmental Management (hereinafter “the Department” or “ADEM”) is a duly constituted department of the State of Alabama pursuant to Ala. Code §§ 22-22A-1 through 22-22A-16 (2006 Rplc. Vol.). Pursuant to Ala. Code § 22-22A-4(n) (2006 Rplc. Vol.), the Department is the state agency responsible for the promulgation and enforcement of water pollution control regulations in accordance with the Federal Water Pollution Control Act, 33 U.S.C. §§ 1251 to 1387. In addition, the Department is authorized to administer and enforce the provisions of the AWPCA.

3. The Town of Camp Hill (hereinafter “the Permittee”) operates a wastewater treatment facility located on Tallapoosa County Road 89 South, Camp Hill, Tallapoosa County, Alabama. The wastewater treatment facility discharges pollutants from a point source into Sandy Creek a water of the State.

Jurisdiction and Venue

4. The Court has jurisdiction and venue over this Complaint pursuant to Ala. Code § 22-22A-5(18)(b) and § 22-22A-5(19) (2006 Rplc. Vol.).

General Allegations

5. Pursuant to the National Pollutant Discharge Elimination System (hereinafter “NPDES”) administered by ADEM and approved by the Administrator of the U.S. Environmental Protection Agency pursuant to § 402 of the Federal Water Pollution Control Act, 33 U.S.C. § 1342, the Department issued NPDES Permit Number AL0024210 (hereinafter “the Permit”) to the Permittee. Said Permit was originally issued February 13, 1984 and has been reissued through the years, with the latest reissuance date being October 1, 2012. The Permit establishes limitations, terms, and

conditions on the discharge of pollutants from a point source into Sandy Creek. The Permit requires that the Permittee monitor its discharges and submit periodic Discharge Monitoring Reports to the Department describing the results of the monitoring. The Permit also requires that the Permittee maintain in good working order all systems used by the Permittee to achieve compliance with the terms and conditions of the Permit.

6. Discharge Monitoring Reports submitted to the Department by the Permittee indicate that the Permittee has discharged pollutants from such point source into the aforementioned Sandy Creek in violation of the limitations established in the Permit. The months the violations occurred along with the parameters violated are listed in Attachment 1, which is incorporated by reference as if fully set forth herein.

Count I

7. Plaintiffs repeat, replead and incorporate by reference paragraphs 1 through 6, above.

8. The above violations are due to be abated by injunction.

Count II

9. Plaintiffs repeat, replead and incorporate by reference paragraphs 1 through 8, above.

10. Pursuant to Ala. Code § 22-22A-5(18) (2006 Rplc. Vol.), a civil penalty is due to be assessed for the referenced violations.

PRAAYER FOR RELIEF

WHEREFORE, Plaintiffs respectfully request that the Court:

- A. Take jurisdiction over this matter.
- B. Adjudge and declare that the Permittee violated the limitations, terms, and

conditions of the Permit.

C. Adjudge and declare that the Permittee caused or allowed unpermitted discharges of pollutants from its wastewater treatment facility into a water of the State.

D. Order the Permittee to take action to ensure that similar violations of the AWPCA will not recur in the future.

E. Assess a civil penalty against the Permittee and in favor of Plaintiffs pursuant to Ala. Code §§ 22-22A-5(18)(b) and (c) (2006 Rplc. Vol.) for each and every violation of the Permit alleged in this Complaint.

F. Tax the costs of this action against the Defendant.

G. Order such other relief that the Court deems proper.

Respectfully submitted,
