**Subject:** RE: Inspection

Good afternoon, Dawn.

As of November 30, 2022, Eagle Bluff ceased acceptance of waste at the landfill.

Any blown litter and fagging have been managed within the working face and covered at that time. Landfill Management is currently working with ADEM's Solid Waste Division and Water Division to closeout any open concerns/ discussions in preparation for the modified closure plan.

I will be onsite at the landfill tomorrow for a brief site inspection to ensure we are still compliant with concerns listed within inspection.

Please let me know if this email may suffice as response to the inspection request for a preventative plan or if you prefer a formal written response.

Feel free to call or email me.

Thank you,

Batini
